

Headteacher: Mrs Sue Pryor MA NPQH

Swakeleys Counselling Service

Swakeleys has a strong tradition of excellent pastoral care, in which our counselling service plays a key part. It is led by the School Counsellor, who is a qualified UKCP registered psychotherapist, and supported by a number of trainee counsellors and psychotherapists. Students are referred to counselling through the senior and pastoral staff at the school and can access counselling for as long as they are in need. If your child would like counselling, please contact their Year Learning Coordinator.

We recruit new trainees looking for clinical placements on a rolling basis and would be pleased to hear from any counselling or psychotherapy students looking to improve their practice by working with our diverse, young, client base. In-house supervision and Child Safeguarding training is offered free as part of the placement in return for at least one academic year commitment. If you are interested in volunteering with us, please contact the school counsellor, Sarah Paul, on spaul23@swakeleys.org.uk.
