

Swakeleys Careers News July 2022

This page is to provide students and parents with the most up to date information relating to a variety of CAREER NEWS including; work experience, internships, apprenticeships, volunteering, summer schools, STEM opportunities and master classes.

Whilst we are encouraging our students to apply for external courses please note that the organisations offering these activities are entirely separate to the school. Swakeleys School for Girls has not carried out any risk assessments in relation to these activities. For this reason, Swakeleys School for Girls informs you of, but does not endorse, external provider opportunities and will not accept any liability arising from student participation in these activities.

Careers News / Opportunities

This will be the last careers newsletter of the year, so I have aimed to pack it with lots of summer opportunities! Hopefully, there is something here for everyone!

Please remember to continue logging into your  account. There is a wealth of information available on the website for you to access. Continue to upload activities and skills that you are developing, so that you start to create a digital portfolio of all your employability skills.

UpskillMe is a very useful career platform that publishes a weekly newsletter with lots of interesting information and opportunities. If you are interested, then please sign up with your email below and you can receive weekly updates in your Inbox.

Spectris Engineering Work Experience

Are you interested in a career in engineering / STEM / science?

On **Tuesday 26th July from 1:00pm - 4:00pm** we're going to be hosting a virtual 'Do you want to be an Engineer' event with FTSE-250 company Spectris.

Employing approximately 9,000 people located in more than 30 countries, Spectris harnesses the power of precision measurement to equip their customers to make the world cleaner, healthier and more productive. They provide global customers with specialist insight through their high-tech instruments and test equipment, augmented by the power of software.

The day will consist of a variety of interactive presentations, going into depth on the different careers in engineering with some fun quizzes and activities.

The following day on **Wednesday 27th July from 10:00am - 3:00pm** there is the opportunity for an in-person work experience to explore a career in **science** with Malvern Panalytical; a subsidiary company of Spectris, at their headquarters in Malvern.

They have a really fun day planned as you'll be getting to experiment on chocolate amongst other workshops as well as get to meet with current Year in Industry students and apprentices.

Join us for this excellent work experience day and have something really great to add to your CV by clicking the following link to apply: <https://www.surveymonkey.co.uk/r/Spectris-WEX>

These two websites (both are hyperlinked) continue to provide numerous fantastic virtual work experience opportunities. You will need to sign up and have accounts for each of these and ensure that if you do apply, you complete the parental consent form posted on the careers google classroom page.
