

Year 8 Options Guidance

December 2022

LANGUAGES PATHWAY

Read each subject **CAREFULLY**, consider if it might be a subject you would enjoy and do well at. You will all receive your options form to make your final choices at the end of January during form time.

Our Key Stage 4 Programme for the Languages pathway.

We have a three year Key Stage 4 which requires pupils to make their GCSE/BTEC option choices in Year 8. We believe that one curriculum is not suitable for all pupils which is why we are running two different pathways. In deciding which pathway to place your daughter on, we have looked at a number of areas including ability, aptitude, report comments and tracking data over time. We have taken great care to place your daughter on the pathway which will enable her to achieve to her full potential. Your daughter is on the Languages pathway, as she is doing a Language.

A number of subjects will be part of the school core curriculum for the Languages pathway during Key Stage 4:

English Language
English Literature
Mathematics
Science (Double award following the Trilogy course)
A Modern Foreign Language: either French or German
Religious Education
Physical Education (not examined)
Personal, Social, Health and Citizenship Education (not examined)

In addition to the core curriculum above, your daughter still has **TWO more option choices** to make from the list of subjects below:

GCSE courses:

GCSE courses all have a high percentage of exam based assessment and many are 100% examined.

Art	Business	Citizenship	Computer Science
Dance	DT	Drama	Graphics
Food	Geography	History	Media
Music	PE	Photography	Psychology
Sociology			

BTEC courses:

BTECs only have 40% exam based assessment with the remaining 60% all assessed via coursework.

Child Care **Health & Social Care**

PLEASE NOTE: All of the option subjects listed above will be placed into two separate option blocks **BEFORE** pupils make their option choices.

Pupils will all receive their personal options form including the option blocks in January.

Year 8 will all have the opportunity to sign up to taster lessons, subject careers lessons, the opportunity to sign up for a meeting with our careers advisor, and a range of form time activities to support option choices.

It is important to note that whilst every effort will be made to accommodate first choices and to run all courses, this may not always be possible due to a number of constraints (eg: staffing, facilities, class sizes etc). This is why we will ask for a back-up choice as well – it is important that this is also carefully selected.

All options information can be found on our website at:

<https://swakeleys.hillingdon.sch.uk/curriculum/year-8-options-for-september-2023-start/>

The deadline for returning options form will be Tuesday 7th February 2023.

Subject	Art, Craft & Design
Exam Board	AQA
Qualification	One GCSE
Course description	<ul style="list-style-type: none"> • GCSE Art is designed to inspire and broaden your creative ability. • Designed to help you express your own thoughts and ideas in a variety of different visual ways in 2 and 3 dimensions. • There are a number of trips that go on during the course such as The British Museum, Tate Modern and various others depending on the project.

1	Paper 1 – Investigating small business (written Paper)	Exam - 1 hour 30 minutes	50%													
2	Paper 2 – Building a business (written Paper)	Exam - 1 hour 30 minutes	50%													
Staff to contact	Mrs Arnold															
Why choose this subject?	<p>If you enjoy:</p> <ul style="list-style-type: none"> • communicating and explaining your ideas • thinking creatively and making decisions • working with numbers to solve business problems • learning about the world of business through real and relevant local and international brands then the GCSE Business course is the right subject for you. 															
Skills & qualities	<p>After this qualification you'll understand the world of business and have developed skills in:</p> <ul style="list-style-type: none"> • making decisions and developing persuasive arguments • creative and practical problem solving • understanding data, finance and communication 															
Further Education	It's also a great step preparing you for further and higher education such as A levels and BTEC courses. A good grade will help you move onto AS/A2 Business at our 6 th Form Centre.															
Careers	A GCSE Business course could help prepare you for an entrepreneurial role and help you to gain an understanding of what is involved in a business-related profession, like accountancy, law, marketing or the leisure and tourism industry.															

Subject	Citizenship
Exam Board	Edexcel
Qualification	One GCSE
Course description	<p>Citizenship is a challenging yet exciting subject which allows students to explore current topics, news items and controversial issues in the classroom. Students must have an interest in current affairs, politics and will need to keep up with the new events in the UK as well as around the world.</p> <p>There are five themes we cover throughout the course:</p> <ul style="list-style-type: none"> • Living together in the UK • Democracy at work in the UK • Law and justice • Power and influence • Taking citizenship action
How students will be assessed	<p>100% exam</p> <p>There are two exams of 1 hr 45mins assessing students' knowledge, understanding and skills in each of the theme. Exams involve short answer questions and two essay responses. There is no coursework, but one section of paper 2 includes questions about a project students have carried out during lessons.</p>
Staff to contact	Dr Laxton
Skills & qualities	<ul style="list-style-type: none"> • A good level of understanding of politics and society. • An ability to respond in detail written and verbal form. • An interest and knowledge of current affairs. • A will to make a difference to the school community. • An enquiring and inquisitive mind.
Further Education	Citizenship complements. Citizenship can contribute to AS levels in Sociology, Law, History and Politics.
Careers	Politics, law, police, armed forces, teacher, media, journalist or civil service.

Subject	Computer Science
Exam Board	OCR
Qualification	One GCSE
Course Description	<p>The course will give learners a real, in-depth understanding of how computers work and insight into what goes on ‘behind the scenes’.</p> <ul style="list-style-type: none"> • Component 1 – Introduces students to the central processing unit, computer memory and storage, wired and wireless networks, network topologies, system security and system software. It also looks at ethical, legal, cultural and environmental concerns associated with computer science. • Component 2 – Students apply knowledge and understanding gained in component 1. They develop skills and understanding in computational thinking, algorithms, and programming techniques, producing robust programs, computational logic, translators and data representation.
How Students will be Assessed	<p>Unit 1 – Computer systems (Written exam = 50% of final grade) Unit 2 – Computational Thinking, Algorithms and Programming (Written Assessment = 50% of final grade)</p>
Staff to Contact	Mrs Mantee
Why Choose this Subject?	<p>If you take a GCSE in Computing and then go on to study the subject at A Level or university, you’ll have an advantage over fellow students who are picking up the subject at these higher levels. The increasing importance of information technologies means there’ll be a growing demand for professionals who are qualified in this field.</p> <p>The course is also an excellent preparation if you want to study or work in areas that rely on the skills you’ll develop, especially where they’re applied to technical problems.</p>
Skills & Qualities	<ul style="list-style-type: none"> • Hard worker • Organised • Enjoy a challenge • Good mathematical skills
Further Education	The course provides excellent preparation higher study and employment in the field of Computer Science.
Careers	Computer programmer, Software developer, Games developer, Website designer, Network Manager, Artificial Intelligence.

Subject	Dance
Exam Board	AQA
Qualification	One GCSE
Course description	<p>During the course students will study an anthology of 6 professional works which they will critically appreciate. The anthology will be used to inform the students own choreography, performance and theory work. The course also gives the opportunity for the students to work on their own, and in groups where they can improve their team work and leadership skills.</p> <p>The GCSE Dance anthology includes: Kenrick H2O Sandy's <i>Emancipation of Expressionism</i>, Christopher Bruce's <i>Shadows</i>, Lucy Bennett's <i>Artificial Things</i>, Itzik Galili's <i>A Linha Curva</i>, James Cousins' <i>Within Her Eyes</i> and Wayne McGregor's <i>Infra</i>.</p>
How students will be assessed	<p>Component 1: Performance & choreography <u>PERFORMANCE</u> (30% of GCSE)</p> <ul style="list-style-type: none"> • Set phrases through a solo performance • Duet/trio performance <p><u>CHOREOGRAPHY</u> (30% of GCSE)</p> <ul style="list-style-type: none"> • Solo or group choreography <p>Component 2: Dance appreciation <u>WRITTEN</u> (40% of GCSE)</p> <ul style="list-style-type: none"> • Knowledge & understanding of choreographic processes and performance skills • Critical appreciation of own work • Critical appreciation of professional works
Staff to contact	Miss Coking
Why choose this subject?	<ul style="list-style-type: none"> ✓ 60% Practical, so ideal for kinaesthetic learners ✓ Only 40% written ✓ Opportunity to perform & choreograph ✓ To gain a greater understanding of professional dance work
Skills & qualities	<ul style="list-style-type: none"> • The course gives you the opportunity to take a look at different choreographic styles, different professionals and different choreographies. • Learn about different dance styles and the importance of safe practice • An interest in dance – although you do <i>not</i> need to dance outside of school to take this as an option.
Further Education	You can go on to study dance at diploma level University, A-level dance in 6 th Form, and then on to University to study for a degree in Dance or Performing Arts.
Careers	Performing professionally. Lecturing or teaching children, adults, the elderly, disabled and disadvantaged communities. Working as a choreographer or a rehearsal director in a variety of shows. Physiotherapy, Dance movement therapy, Dance injury prevention or working in other stage production areas such as costume design, lighting or wig making.

Subject	Design and Technology
Exam Board	Edexcel
Qualification	One GCSE
Course Description	The new GCSE Design and Technology course has six possible material areas to enable specialisation: Metals, Papers and boards, Polymers, Systems, Textiles, or Timbers. Students will focus on their specialism in their NEA which is 50% of the overall assessment. The exam paper is split 40% core and 60% specialism. The exam paper is half of the assessment, so assessment of the core content is only 20% overall.
How Students will be Assessed	Design and Technology consists of one externally-examined paper and one non-examined assessment component (coursework). Component 1: written examination 1 hour and 45 minutes 50% of the qualification 100 marks Content overview: Core content and any one from the following material categories: Metals, Papers and boards, Polymers, Systems, Textiles, Timbers Component 2: Non-examined assessment 50% of the qualification 100 marks Content overview: There are four parts to the assessment: 1 – <i>Investigate</i> This includes investigation of needs and research, and a product specification 2 – <i>Design</i> This includes producing different design ideas, review of initial ideas, development of design ideas into a chosen design, communication of design ideas and review of the chosen design 3 – <i>Make</i> This includes manufacture, and quality and accuracy 4 – <i>Evaluate</i> This includes testing and evaluation. Students will undertake a project based on a <i>contextual challenge</i> released by the exam board a year before certification. Students will produce a project, linked to their specialism, which consists of a portfolio and a prototype.
Staff to Contact	Mrs Yates
Why Choose this Subject?	GCSE Design and Technology will prepare students to participate confidently and successfully in an increasingly technological world. Students will gain awareness and learn from wider influences on Design and Technology including historical, social, cultural, environmental and economic factors. Students will get the opportunity to work creatively when designing and making and apply technical and practical expertise.
Skills & Qualities	<ul style="list-style-type: none"> • Creativity and imagination to solve problems, generate informed concepts and a logical approach to develop them • Understand the role and impact that design and designers play in our modern world, ranging from economic factors right the way through to the effects design has on our environment • Understand that design is always evolving through the emergence and development of new/smart/modern materials and emerging technologies • The ability to express and create informative sketches, develop physical 3D models and generate computer-aided designs • The skill to plan and organise a design project from concept to realisation
Further Education	Students with strong creative skills will have solid foundations, as well as a breadth of knowledge and understanding of a range of materials, to move confidently into AS and A level and become a specialist in their chosen field.
Careers	Architect, product designer, design engineer, graphic designer, illustrator, car designer, interior designer, theatre designer, furniture designer.

Subject	Drama
Exam Board	Edexcel
Qualification	One GCSE
Course description	<p>Component 1 –Devising Drama 40% of the qualification – 60 marks Students will create a devised performance in groups to perform. They will then complete a portfolio covering the creating and developing process and analysis and evaluation of this process.</p> <p>Component 2 – Performance from Texts 20% of the qualification – 48 marks Students will study two key extracts from a text and perform to an audience as a drama production in front of an audience and an external examiner.</p> <p>Component 3 – Theatre Makers in Practice 40% of the qualification– 60 marks Practical exploration and study of one complete performance text for the written exam.</p>
How students will be assessed	<p>Component 1 –Devising Drama (40%)</p> <ul style="list-style-type: none"> • Create and develop a devised piece from a stimulus. • Performance of this devised piece for this performance. • Analyse and evaluate the devising process and performance. <p>Component 2– Performance from Texts (20%)</p> <ul style="list-style-type: none"> • Students will perform two key extracts from a performance text. <p>Component 3– Theatre Makers in Practice Written Exam (40%) 1h30m</p> <ul style="list-style-type: none"> • Section A: Bringing Texts to Life: This section consists of one question broken into six parts (short and extended responses) • Section B: Live theatre evaluation – This section consists of two questions requiring students to analyse and evaluate a live theatre performance they have seen.
Staff to contact	Miss Swayne
Why choose this subject?	<ul style="list-style-type: none"> ✓ 60% practical ✓ Only 40% written ✓ To learn more about the world of performance and acting
Skills & qualities	<ul style="list-style-type: none"> • The confidence to perform in front of others is a must. • Team work and group communication skills are developed. • An interest in seeing a variety of shows, not just musicals, is desirable.
Further Education	Students can go on to study AS/A2 Drama and Theatre Studies in our 6 th Form Centre.
Careers	Acting, directing, teaching, criminal drama therapy, social worker, playwright, Stage performer, script writing etc. Students may also go into the production side of theatre e.g. stage management.

Subject	Food Preparation and Nutrition
Exam Board	AQA
Qualification	One GCSE
Course description	The new GCSE will require pupils to acquire a good understanding of the scientific principles behind food and nutrition, and use a number of practical cooking techniques to prepare and cook food. The new qualification will be demanding and give students in-depth knowledge of nutrition, food choice, where food comes from, and practical cooking as well as the ability to apply this knowledge when cooking.
How students will be assessed	<p>Paper 1: Food preparation and nutrition:</p> <p>Food, nutrition and health</p> <p>Food science</p> <p>Food safety</p> <p>Food choice</p> <p>Food provenance</p> <p>Exam (50% of GCSE)</p> <p>Multiple choice questions (20 marks).</p> <p>Five questions each with a number of sub questions (80 marks).</p> <p>Non-exam assessment (NEA)</p> <p>Task 1: Food investigation</p> <p>Students' understanding of the working characteristics, functional and chemical properties of ingredients.</p> <p>Practical investigations are a compulsory element of this NEA task.</p> <p>Written or electronic report (1,500–2,000 words) including photographic evidence of the practical investigation.</p> <p>Task 2: Food preparation assessment</p> <p>Students' knowledge, skills and understanding in relation to the planning, preparation, cooking, presentation of food and application of nutrition related to the chosen task. Students will prepare, cook and present a final menu of three dishes within a single period of no more than three hours, planning in advance how this will be achieved. Written or electronic portfolio including photographic evidence. Photographic evidence of the three final dishes must be included.</p> <p>How it's assessed</p> <p>Written exam: 1 hour (50%)</p> <p>45 minutes</p> <p>100 marks</p>
Staff to contact	Mrs Yates
Why choose this subject?	This qualification will give young people the preparation they need to succeed in the food and hospitality industries as well as giving them vital life skills.
Skills & qualities	Enthusiasm for designing and making food items, as well as being creative and innovative is important. This is however not purely a practical course; pupils need an inquiring mind and ability to research, produce designs, trial and test out their ideas. Practical making skills will be developed and improved throughout the course.
Further Education	Students can go to more specialist colleges to study courses such as Catering and Restaurant management, or on completion of their sixth form studies go on to take a degree in food science, food science with business or food technology and nutrition.
Careers	Food scientists and technologists, quality control specialists, food buyers, dieticians, various careers in hospitality, chefs, marketing, and Health and safety inspectors.

Subject	Geography
Exam Board	Edexcel Syllabus A
Qualification	One GCSE
Course description	<p>This specification takes a thematic approach, with content organised by physical and human environments. It also enables students to explore the people-environment challenges we face in the UK.</p> <ul style="list-style-type: none"> - <u>Paper 1: The Physical Environment</u> <ul style="list-style-type: none"> ▪ The changing landscape of the UK ▪ Weather hazards and climate change ▪ Ecosystems, biodiversity, and management - <u>Paper 2: The Human Environment</u> <ul style="list-style-type: none"> ▪ Changing cities ▪ Global development ▪ Resource management <p>While Paper 3 involves students investigating contemporary challenges using a range of geographical skills drawn from one or more of the key themes: resource consumption and environmental sustainability, settlement, population and economics, landscape, and climate change.</p>
How students will be assessed	<p>Examinations: There are three exams at the end of the course and <u>no</u> coursework.</p> <p>Paper 1 = 37.5% Paper 2 = 37.5% Paper 3 = 25% All the exams are 1 hr 30 minutes long.</p> <p>Geographical Investigation This course includes 2 days of compulsory fieldwork. The 2 days of fieldwork that students are expected to be completed are written up in class and then examined in paper 3.</p>
Staff to contact	Miss Cook or Miss Lyon
Why choose this subject?	Geography takes a multi-disciplinary approach that links with many other subjects and gives geographers a good understanding of the world around them.
Skills & qualities	Geographers develop a wide range of useful skills: problem solving, independent research, data presentation and analysis, cartographic skills, spatial awareness, mapping skills, and decision making.
Further Education	Geography can be taken at AS and as a full A-Level in our 6 th Form. It can be studied as a subject in its own right at university, or lead to other subjects like environmental sciences, ecology, or geology. It has links with many subjects, especially Biology.
Careers	Many careers require the skills, knowledge and understanding that Geographers develop; from education and government, to financial management, journalism, environmental agencies and project management.

Subject	Graphic communication
Exam Board	AQA (Art & Design endorsement)
Qualification	One GCSE
Course description	<ul style="list-style-type: none"> • GCSE Graphic communication is designed to inspire and broaden your creative ability. • Designed to help you express your own thoughts and ideas in a variety of different visual ways in 2 and 3 dimensions. • There are a number of trips that go on during the course such as The British Museum, Design museum, Tate Modern and various others depending on the project.
How students will be assessed	<p>Portfolio- 60%</p> <ul style="list-style-type: none"> ▪ A selection of subsidiary units OR 1 major unit (Year 10) ▪ 1 major unit (Year 11) <p>A wide range of topics are chosen and studied throughout the course and you will get more of a say in what you look at as the course progresses, especially after spring in Year 10.</p> <p>Controlled exam – 40% (10 hours)</p> <p>The exam paper is released in January of Year 11 and you will explore one of the suggested starting points over a 3-4 month period. The final outcome will be completed under exam conditions over the space of 2 days.</p>
Staff to contact	Mrs Kumar
Why choose this subject?	<ul style="list-style-type: none"> • It is a creative subject with some written work • It allows you to express yourself in a range of styles • There are trips • The results in this subject are around 100% 9-4 • You can experiment with a wide range of media • NO Written exam!
Skills & qualities	<ul style="list-style-type: none"> • An enthusiasm for design, art and creating things. • An attitude of “I will try everything out” is essential. • Some of the skills you will develop are computer aided design, packaging design, painting, drawing, modelling, sculpture, printing, photography, creative textiles, batik and illustration. • You will explore the works of other artists, designers and cultures.
Further Education	<p>GCSE Graphic communication leads naturally on to A-level Art and Design and Photography in our 6th Form Centre.</p> <p>Students generally then go on to a Foundation course and then to degree level.</p>
Careers	<p>Architecture, graphic design, web design, fashion design, textiles design, set and costume design, film, TV, product design, illustration, commercial design, curator for galleries etc.</p>

Subject	History
Exam Board	OCR
Qualification	One GCSE
Course Description	<p>Outline Studies</p> <ul style="list-style-type: none"> • International relations from 1918-2001 • The USA 1919-48 • Migration to Britain 1000 to 2010 • The Impact of Empire on Britain 1688-1730 with a focus on patterns of migration
How students will be assessed	<p>3 exams at the end of year 11</p> <p>Paper One (worth 50%) – 1 hour and 45 minutes</p> <ul style="list-style-type: none"> • International relations from 1918-2001 AND The USA 1919-48 <p>Paper Two (worth 25%) – 1 hour</p> <ul style="list-style-type: none"> • Migration to Britain 1000 to 2010 <p>Paper Three (worth 25%) – 1 hour and 15 minutes</p> <ul style="list-style-type: none"> • The Impact of Empire on Britain 1688-1730 with a focus on patterns of migration
Staff to contact	Mrs Cherry
Why choose this subject?	<ul style="list-style-type: none"> • History is a well-respected academic subject accepted by all universities • Prepares students for a wide range of careers
Skills & qualities	<ul style="list-style-type: none"> • Open to any student • Ability to write at length • Analysis of source material • Enquiring mind • Hard worker
Further Education	History can be taken at AS and A2 in our 6 th Form Centre. History is always preferred for those who wish to go on and study law at a later date. History is also a good subject to take alongside other Humanities subjects such as English, Economics, Sociology, Psychology and Politics.
Careers	Lawyer, Journalist, Civil Service, Archaeologist, Police, Armed forces, Set/Costume Designer, Media... to name but a few...

Subject	Media
Exam Board	EDUQAS
Qualification	One GCSE
Course description	<p>Exploring the Media: For this exam, you will be assessed on media language and representation in relation to two of the following print media forms: magazines, marketing (film posters), newspapers, or print advertisements.</p> <p>Understanding Media Forms and Products: Students will explore media industry issues to show their knowledge and understanding of media language, representation, audiences and media industries in relation to television and music.</p> <p>Creating Media Products: This is the non-examined assessment element of the course. An individual media production for an intended audience in response to a choice of briefs set by EDUQAS, applying knowledge and understanding of media language and representation.</p>
How students will be assessed	<p>Non-Examined Assessment – 30% of final grade</p> <p>Two written exams – 70% of final grade (40% and 30% respectively)</p>
Staff to contact	Miss Lewis
Why choose this subject?	<ul style="list-style-type: none"> • The media have real relevance and importance in our lives today, providing us with ways to communicate, with forms of cultural expression and the ability to participate in key aspects of society • The media industries employ large numbers of people worldwide and operate as commercial industries on a global scale • Chance to learn practical editing and production skills • Learn to use new technology and equipment • Study a contemporary and relevant set of topics • To develop analysis skills
Skills & qualities	<ul style="list-style-type: none"> • Open to any student • Suited to those with practical, analytical flair • Requires organisation and ICT skills • Good team working essential • Excellent English skills are a necessity
Further Education	Media and Film A Level is offered in the 6 th Form. At degree level students can specialise in one area of Media Studies, such as theory or production. A good subject for those wishing to demonstrate communication skills. It goes well with English, Sociology, Psychology and ICT.
Careers	Journalist, publisher, graphic design, film and television related careers.

Subject	Music
Exam Board	EDEXCEL
Qualification	One GCSE
Course description	GCSE Music is designed to open your horizons to a variety of styles and types of music from different centuries and countries. Eight pieces of music are set which cover music from different backgrounds and genres. A new aspect of wider listening has been added for students to appraise unfamiliar music in order to understand the wider context of music in general. This will help your understanding of the development of music from Baroque to Pop. The syllabus is based on three key areas - Performing, Composing and Listening.
How students will be assessed	<p>Performing Music [Controlled Assessment] 30%</p> <ul style="list-style-type: none"> • One solo (voice or instrument) • One ensemble/in a group (voice or instrument) <p>Composing Music [Controlled Assessment] 30%</p> <ul style="list-style-type: none"> • One to a set brief. • One as a free composition - any style that you choose! <p>Listening and Appraising Music [Exam] 40% Written paper lasting 1hr 45 mins</p> <ul style="list-style-type: none"> • <u>Section A</u> – Six compulsory questions based on extracts from 8 set works. One question on aural/rhythmic dictation and one question identifying features of an unfamiliar piece of music. • <u>Section B</u> – One extended writing question on comparing 2 pieces of music-one familiar, one unfamiliar.
Staff to contact	Mrs Dennis
Why choose this subject	<p>Choose this subject if:</p> <ul style="list-style-type: none"> • You enjoy playing or singing music. • You are creative and want to compose your own music • You like reflecting on music and why it has been composed • You wish to study the key elements of how a piece of music works • But most of all you have a passion and love for music!
Skills & qualities	The ability to perform on an instrument or sing is essential . Performing and composing skills will be developed throughout the course. In depth analysis of music from a variety of genres will take place, enabling you to appreciate the complexities of the subject.
Further Education	GCSE Music is a good preparation for further study and a solid foundation for AS/A Level or you may feel like combining it with Dance and /or Drama in a Performing Arts Course in the 6 th Form.

Careers	There are many careers that involve music - performing, arts administration, teaching, music therapy, sound engineering, music journalism, community arts work to name just a few.
----------------	--

Subject	GCSE PE
Exam Board	AQA
Qualification	One GCSE
