

## GOVERNOR DECLARATON OF PECUINARY INTERESTS

### Governing Body Declaration of Interests

It is important for anyone involved in spending public money to demonstrate that they do not benefit personally from any decisions that they make. Governors have an obligation to avoid conflict between their private and business interests and those of the governing body of which they are a member.

By asking governors to register their outside interests and to declare specific pecuniary or personal interests that they might have in any matters discussed by the Governing Body, it should help to avoid any question about a Governor's influences and motives. (For example if you or your spouse run a window cleaning company and the school was considering placing a contract for window cleaning, you could be seen to have a particular interest in how the contract was awarded. Such an interest should be declared. It does not disqualify you from continuing as a Governor.)

Please give brief details of your outside interests overleaf.

If you or your close<sup>1</sup> family members have any direct pecuniary interests in any matters likely to be considered by the Governing Body (please speak to the clerk if you are unsure of your responses), please note details below.

I confirm that the information given below and overleaf includes all interests that need to be disclosed to the Governing Body and that I shall notify the Clerk of any changes.

Typically, this will include: the individual's domestic partner and children, children of the individual's domestic partner and dependants of the individual or the individual's domestic partner.
