

Dear Parent/Carer, IIth May 2023

You will be aware that we have put in place a detailed support programme for your daughter over the coming weeks as she starts her GCSE exams. I spoke to the Year II students this morning about why this period of support from the school is so critical and in order for us to work together on this I felt it important that you have this information too:

- I. One of the reasons the students have been so successful at Swakeleys historically is because of the support that they have received over the exam period. You'll be aware that last year students in Year II achieved on average over a grade better than expected across all of their subjects. Those students attended the exam period revision sessions in school.
- 2. The exam support programme has been meticulously planned to support students before their exams. Students will receive input from their subject teacher/subject leader with the key most important information/exam skills that students should know prior to sitting their exams. Your daughter can address questions and receive clarification this is crucial.
- 3. This group of Year 11s missed half of their Year 8 in school and a term of their Year 9 GCSE lessons. We have been working incredibly hard as a school to close any gaps as a result and we now need to keep up this momentum until the last exam.
- 4. Year II attendance this year at Swakeleys and across the country has been significantly reduced after covid. We are again working incredibly hard to close gaps due to lower student attendance. If your child has missed some days of school then it is ever more important that they are at school immediately prior to exams to support them to achieve their potential.
- 5. The Government has decided that there will be no exam concessions this year as there have been in recent years where students have been given information to use in the exams and/or had a reduced amount of information in the exams. Students being adequately prepared is therefore critical.
- 6. The exam support period runs for a very short period of time a matter of weeks. And thereafter students are able to revise at home. Students also have the whole of the half term week in order to revise
- 7. The Government does not authorise study leave and there is an expectation that your child is in school both from the Government and from Swakeleys School for the reasons that I outline above

Whilst I do appreciate that students have been able to tell me how they feel about the support over the exam period I did tell them today that they need to trust myself and my senior team who have carefully considered how to make this period of time as useful for your child as possible.

I have been so impressed with the Year II cohort over this academic year and I know that with school and home working together we will be in a position to celebrate your child's success in the summer. Thank you in advance for your support. For your convenience I have enclosed a copy of the arrangements for the next few weeks to this letter.

Yours faithfully

Kelda Stevenson Headteacher

GCSE Art & Photography: Thursday 27th and Friday 28th April - ALL DAY

Child Care & Development: For pupils retaking - 12th May, am.

NB: You <u>MUST</u> check your personal exam schedule as well. Extra language exams are <u>NOT</u> listed.

All pupils in afternoon exams may go home on dismissal from their exam. Pupils in afternoon lessons leave as usual at 3.20pm

		All pupi	ls in after	rnoon ex	ams may	go home	on dismi	issal from	their ex	am. Pupi	ls in afte	rnoon les	sons leav	e as usu	al at 3.20pm
