GCSE Factsheets: Set Products for Component 1

**Media Studies**  
A set of informative factheets that provide an introduction to the set products and their contexts. The resources offer starting points for analysis and for developing knowledge and understanding of the relevant areas of the theoretical framework, including theoretical and theoretical perspectives.  
The sharing of third party materials is used for criticism and review purposes however if there are any errors or inaccuracies please inform us so that any necessary corrections can be made.  
While all resources were compiled at the time of publishing, teachers should be aware that things move quickly in the media industry and should therefore check that the information is still current and correct.
